<sup>(1)</sup> The impact of non-GAAP adjustments on diluted earnings per share may not necessarily equal the difference between "GAAP" and "non-GAAP" as a result of rounding.

<sup>(2)</sup> Basic and diluted earnings per share are computed independently for each quarter and any year-to-date period presented. As a result of changes in shares outstanding during the year and rounding, the sum of the quarters' earnings per share may not necessarily equal the earnings per share for any year-to-date period.
