References in this prospectus supplement to “\$,” “dollars” or “U.S. dollars” are to the currency of the United States of America and to “€” or “euro” are to the currency introduced at the third stage of the European economic and monetary union pursuant to the Treaty establishing the European Union (the “EU”), as amended from time to time.

Notice to Prospective Investors in the European Economic Area

Important—PRIIPs Regulation / Prohibition of Sales to EEA Retail Investors. The Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the European Economic Area (the “EEA”). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU (as amended, “MiFID II”) or (ii) a customer within the meaning of Directive (EU) 2016/97 (as amended, the “Insurance Distribution Directive”), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II. Consequently, no key information document required by Regulation (EU) No 1286/2014 (as amended, the “PRIIPs Regulation”) for offering or selling the Notes or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIIPs Regulation.

Notice to Prospective Investors in the United Kingdom

Important—UK PRIIPs Regulation / Prohibition of Sales to United Kingdom Retail Investors. The Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the United Kingdom (“UK”). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client, as defined in point (8) of Article 2 of Regulation (EU) No 2017/565 as it forms part of domestic law of the United Kingdom by virtue of the European Union (Withdrawal) Act 2018 (as amended, the “EUWA”); or (ii) a customer within the meaning of the provisions of the Financial Services and Markets Act 2000 (as amended, the “FSMA”) and any rules or regulations made under the FSMA to implement Directive (EU) 2016/97 (as amended), where that customer would not qualify as a professional client, as defined in point (8) of Article 2(1) of Regulation (EU) No 600/2014 as it forms part of domestic law of the United Kingdom by virtue of the EUWA. Consequently, no key information document required by Regulation (EU) No 1286/2014 as it forms part of domestic law of the United Kingdom by virtue of the EUWA (the “UK PRIIPs Regulation”) for offering or selling the Notes or otherwise making them available to retail investors in the UK has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the UK may be unlawful under the UK PRIIPs Regulation.

Solely for the purposes of each manufacturer’s product approval process, the target market assessment in respect of the Notes has led to the conclusion that: (i) the target market for the Notes is eligible counterparties and professional clients only, each as defined in MiFID II; and (ii) all channels for distribution of the Notes to eligible counterparties and professional clients are appropriate. Any person subsequently offering, selling or recommending the Notes (a “distributor”) should take into consideration the manufacturers’ target market assessment; however, a distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the manufacturers’ target market assessment) and determining appropriate distribution channels.

UK MiFIR product governance / Professional investors and ECPs only target market

ANY STABILIZATION ACTION OR OVER-ALLOTMENT MUST BE CONDUCTED BY THE STABILIZING MANAGER (OR PERSONS ACTING ON BEHALF OF THE STABILIZING MANAGER) IN ACCORDANCE WITH ALL APPLICABLE LAWS AND RULES.

CAUTIONARY STATEMENT ON FORWARD-LOOKING STATEMENTS

This prospectus supplement contains or incorporates by reference forward-looking statements as that term is defined in the Private Securities Litigation Reform Act of 1995 or by the U.S. Securities and Exchange Commission (the “SEC”) in its rules, regulations and releases that set forth anticipated results based on management’s current plans and assumptions. Such statements may relate, for example, to sales or volume growth, net selling price increases, organic sales growth, profit or profit margin levels, earnings per share levels, financial goals, category growth rates, the impact of foreign exchange, the impact of tariffs, the impact of geopolitical conflicts and tensions, such as the war in Ukraine, the conflict in the Middle East, tensions between China and Taiwan and global trade relations, cost-reduction plans (including the Strategic Growth and Productivity Program), tax rates, interest rates, new product introductions, digital capabilities, commercial investment levels, acquisitions, divestitures, share repurchases or legal or tax proceedings, among other matters. These statements are made on the basis of the Company’s views and assumptions as of this time and the Company undertakes no obligation to update these statements whether as a result of new information, future events or otherwise, except as required by law or by the rules and regulations of the SEC. Moreover, the Company does not, nor does any other person, assume responsibility for the accuracy and completeness of those statements. The Company cautions investors that any such forward-looking statements are not guarantees of future performance and that actual events or results may differ materially from those statements. Actual events or results may differ materially because of factors that affect international businesses and global economic conditions, as well as matters specific to the Company and the markets it serves, including the uncertain macroeconomic and political environment in different countries, including as a result of inflation and high interest rates, and their effect on consumer sentiment and spending, foreign currency rate fluctuations, exchange controls, import restrictions, tariffs, sanctions, price or profit controls, labor relations, changes in foreign or domestic laws, or regulations or their interpretation, political and fiscal developments, including changes in trade, tax and immigration policies, increased competition and evolving competitive practices, the ability to operate and respond effectively during a pandemic, epidemic or widespread public health concern, the ability to manage disruptions in our global supply chain and/or key office facilities, the ability to manage the availability and cost of raw and packaging materials and logistics costs, the ability to maintain or increase selling prices as needed, changes in the policies of retail trade customers, the emergence of alternative retail channels, the growth of e-commerce and the rapidly changing retail landscape, the ability to develop innovative new products and successfully adopt new technologies (such as artificial intelligence), the ability to continue lowering costs and operate in an agile manner, the ability to maintain the security of our information and operational technology systems from a cybersecurity incident or data breach, the ability to address the effects of climate change and achieve our sustainability and social impact goals, the ability to complete acquisitions and divestitures as planned, the ability to successfully integrate acquired businesses, the ability to attract and retain key employees, the uncertainty of the outcome of legal proceedings, whether or not the Company believes they have merit, and the ability to address uncertain or unfavorable global economic conditions, including inflation, disruptions in the credit markets and tax matters. For information about these and other factors that could impact the Company’s business and cause actual results to differ materially from forward-looking statements, refer to the Company’s filings with the SEC (including, but not limited to, the information set forth under the captions “Risk Factors” in this prospectus supplement, “Risk Factors” in the Company’s [Annual Report on Form 10-K for the year ended December 31, 2024](#) and subsequent filings with the SEC) as well as the other information contained or incorporated by reference in this prospectus supplement and the accompanying prospectus. These factors should not be construed as exhaustive and should be read in conjunction with the other cautionary statements that are included or incorporated by reference in this prospectus supplement and the accompanying prospectus.

SUMMARY

The following summary contains basic information about this offering. It likely does not contain all the information that is important to you. For a more complete understanding of this offering, we encourage you to read this entire prospectus supplement, the accompanying prospectus and the documents we refer to, or incorporate by reference, herein and therein. When we refer to "Colgate," "our company," "we," "our" and "us" under "—The Company" below, we mean Colgate-Palmolive Company and its consolidated subsidiaries unless the context indicates otherwise. When these terms are used elsewhere in this prospectus supplement, we refer only to Colgate-Palmolive Company, the issuer of the Notes, unless the context indicates otherwise.

The Company

Colgate-Palmolive Company is a caring, innovative growth company reimagining a healthier future for all people, their pets and our planet. We seek to deliver consistent compounded earnings per share growth to help drive superior total shareholder return, as well as to provide Colgate people with an innovative and inclusive work environment. We do this by developing and selling science-led products globally that make people's and their pets' lives healthier and more enjoyable and by embracing our sustainability and social impact strategy across our organization.

We are tightly focused on two product segments: Oral, Personal and Home Care; and Pet Nutrition. Within these segments, we follow a closely defined business strategy to grow our key product categories and increase our overall market share. Within the categories in which we compete, we prioritize our efforts based on their capacity to maximize the use of the organization's core competencies and strong global equities and to deliver sustainable, profitable long-term growth.

Operationally, we are organized along geographic lines with management teams having responsibility for the business and financial results in each region. We compete in more than 200 countries and territories worldwide with established businesses in all regions contributing to our sales and profitability. Approximately two-thirds of our Net sales are generated from markets outside the U.S., with approximately 45% of our Net sales coming from emerging markets (which consist of Latin America, Asia (excluding Japan), Africa/Eurasia and Central Europe). This geographic diversity and balance help to reduce our exposure to business and other risks in any one country or part of the world.

The Oral, Personal and Home Care product segment is managed geographically in five reportable operating segments: North America, Latin America, Europe, Asia Pacific and Africa/Eurasia, all of which sell primarily to a variety of retailers, wholesalers, distributors, dentists and, in some geographies, skin health professionals. Through Hill's Pet Nutrition, we also compete on a worldwide basis in the pet nutrition market, selling products principally through authorized pet supply retailers, veterinarians and e-commerce retailers. We also sell certain of our products direct-to-consumer. We are engaged in manufacturing and sourcing of products and materials on a global scale and have major manufacturing facilities, warehousing facilities and distribution centers in every region around the world.

RISK FACTORS

Your investment in the Notes involves certain risks. In consultation with your own financial, tax, accounting and legal advisers, you should carefully consider, among other matters, the factors set forth below as well as the risk factors discussed in the accompanying prospectus and in our most recent Annual Report on Form 10-K and Quarterly Report on Form 10-Q, which are incorporated by reference into this prospectus supplement and the accompanying prospectus before deciding whether to make an investment in the Notes.

Risks Related to the Notes

Our indebtedness could materially and adversely affect our ability to meet our debt service obligations under the Notes.

As of September 30, 2025, we had \$8,419 million of indebtedness outstanding on a consolidated basis. Of such indebtedness, approximately \$68 million was indebtedness of our subsidiaries. In addition, we have a \$3,000 million revolving credit facility. At September 30, 2025, we had no outstanding borrowings under the revolving credit facility.

Our level of indebtedness and the limitations imposed on us by our debt agreements could have significant adverse consequences to holders of the Notes. Our cash flow may be insufficient to meet our debt service obligations with respect to the Notes and our other indebtedness, which would enable the lenders and other debtholders to accelerate the maturity of their indebtedness, or be insufficient to fund other important business uses after meeting such obligations. We may be unable to borrow additional funds as needed or on favorable terms. We may be unable to refinance our indebtedness at maturity or earlier acceleration, if applicable, or the refinancing terms may be less favorable than the terms of our original indebtedness or otherwise be generally unfavorable. We may violate restrictive covenants in our debt agreements, which would entitle the lenders and other debtholders to accelerate the maturity of their indebtedness.

If any one of these events were to occur, our business, financial condition, liquidity, results of operations and prospects, as well as our ability to satisfy our obligations with respect to the Notes, could be materially and adversely affected.

We may not be able to generate sufficient cash flow to meet our debt service obligations.

Our ability to meet our debt service obligations on, and to refinance, our indebtedness, including the Notes, and to fund our operations, working capital, acquisitions, capital expenditures and other important business uses, depends on our ability to generate sufficient cash flow in the future. To a certain extent, our cash flow is subject to general economic, industry, financial, competitive, operating, regulatory and other factors, many of which are beyond our control.

We cannot assure you that our business will generate sufficient cash flow from operations or that future sources of cash will be available to us in an amount sufficient to enable us to meet our debt service obligations on our indebtedness, including the Notes, or to fund our other important business uses. As a result, we could be forced to take other actions to meet those obligations, such as raising equity or debt capital or delaying capital expenditures, any of which could have a material adverse effect on us. Furthermore, we cannot assure you that we will be able to effect any of these actions on favorable terms, or at all. Additionally, if we incur additional indebtedness in connection with future acquisitions or for any other purpose, our debt service obligations could increase significantly and our ability to meet those obligations could depend, in large part, on the returns from such acquisitions, as to which no assurance can be given.

We may need to refinance all or a portion of our indebtedness, including the Notes, at or prior to maturity. Our ability to refinance our indebtedness or obtain additional financing will depend on, among other things, our financial condition, liquidity, results of operations, and prospects and market conditions at the time and restrictions in the agreements governing our indebtedness. As a result, we may not be able to refinance any of our indebtedness, including the Notes, on favorable terms, or at all.

The Notes will be structurally subordinated to all the obligations of our subsidiaries and our ability to service our debt is dependent on the performance of our subsidiaries.

None of our subsidiaries will guarantee the Notes. Payments on the Notes are only required to be made by Colgate. As a result, no payments are required to be made by, and holders of Notes will not have a claim against the assets of, any of our subsidiaries, except if those assets are transferred, by dividend or otherwise, to us. Accordingly, the Notes will be structurally subordinated in right of payment to all existing and future indebtedness and other liabilities, including trade payables and other accrued liabilities but excluding intercompany liabilities, of our subsidiaries. The incurrence of indebtedness or other liabilities by any of our subsidiaries is not prohibited by the Indenture governing the Notes and could adversely affect our ability to pay our obligations on the Notes. As of September 30, 2025, indebtedness of our subsidiaries, excluding intercompany liabilities, that would have been structurally senior to the Notes, was approximately \$68 million. We anticipate that from time to time our subsidiaries may incur additional debt and other liabilities. Additionally, the Notes are structurally subordinated to all existing and future indebtedness and other liabilities, including trade payables and other accrued liabilities, of our unconsolidated joint ventures.

The Notes will be unsecured and therefore will effectively be subordinated to any secured debt we may incur in the future.

The Notes will not be secured by any of our assets or those of our subsidiaries. As of September 30, 2025, we did not have any secured indebtedness outstanding on a consolidated basis. As a result, the Notes will be effectively subordinated to any secured debt we may incur to the extent of the value of the assets securing such debt. In any liquidation, dissolution, bankruptcy or other similar proceeding, the holders of our secured debt may assert rights against the secured assets in order to receive full payment of their debt before the assets may be used to pay the holders of the Notes.

A downgrade in our corporate credit ratings could materially adversely affect our financial condition, liquidity and results of operations and the market price of the Notes.

Our corporate credit ratings are subject to ongoing evaluation by credit rating agencies, and we cannot assure you that any rating will not be changed or withdrawn by a rating agency in the future if, in its judgment, circumstances warrant. Moreover, such credit ratings are not recommendations to buy, sell or hold the Notes or any other securities. If any credit rating agency downgrades our corporate ratings or otherwise indicates that its outlook for that rating is negative, it could have a material adverse effect on the market price of the Notes and our costs and availability of capital, which could in turn have a material adverse effect on our financial condition, liquidity and results of operations and our ability to satisfy our debt service obligations (including payments on the Notes).

Redemption may adversely affect your return on the Notes.

The Notes are redeemable at our option and we may choose to redeem some or all of the Notes from time to time, especially when prevailing interest rates are lower than the rate borne by the Notes. If prevailing rates are lower at the time of redemption, you may not be able to reinvest the redemption proceeds in a comparable security at an effective interest rate as high as the interest rate on the Notes being redeemed. See “Description of the Notes—Optional Redemption.”

An increase in interest rates could result in a decrease in the relative value of the Notes.

In general, as market interest rates rise, notes bearing interest at a fixed rate generally decline in value because the premium, if any, over market interest rates will decline. Consequently, if you purchase the Notes and market interest rates increase, the market value of your Notes may decline. We cannot predict the future level of market interest rates.

An investment in the Notes by a purchaser whose home currency is not euro entails significant risks.

An investment in securities which are denominated and payable in a currency other than the currency of the country in which the purchaser is resident or the currency in which the purchaser primarily conducts its business or activities (in each case, the “home currency”) entails significant risks not associated with securities denominated and payable in the home currency. Accordingly, an investment in the Notes by a purchaser whose home currency is not euro entails significant risks. These risks include the possibility of significant changes in rates of exchange between the holder’s home currency and the euro and the possibility of the imposition or subsequent modification of foreign exchange controls. These risks generally depend on factors over which we have no control, such as economic, financial and political events and the supply of and demand for the relevant currencies. In recent years, rates of exchange between euro and certain currencies have been highly volatile, and each holder should be aware that such volatility may occur in the future. Fluctuations in any particular exchange rate that have occurred in the past, however, are not necessarily indicative of fluctuations in the rate that may occur during the term of the Notes. Depreciation of euro against the holder’s home currency would result in a decrease in the effective yield of the Notes below its coupon rate and, in certain circumstances, could result in a loss to the holder.

If, as permitted by the Notes, we make payments in U.S. dollars when we are unable to obtain euro, you will be exposed to significant risks if your home currency is not U.S. dollars.

If euro is unavailable to us due to the imposition of exchange controls or other circumstances beyond our control or the euro is no longer used by the member states of the European Monetary Union that have adopted the euro as their currency or for the settlement of transactions by public institutions within the international banking community, then all payments in respect of the Notes will be made in U.S. dollars until euro is again available to us or so used. The amount payable on any date in euro will be converted by us into U.S. dollars on the basis of the then most recently available market exchange rate for euro. See “Description of the Notes—Issuance in Euro.” Any payment in respect of the Notes so made in U.S. dollars will not constitute an event of default under the Indenture governing the Notes. If your home currency is not U.S. dollars, any such payment will expose you to the significant risks described under “—An investment in the Notes by a purchaser whose home currency is not euro entails significant risks” above.

In a lawsuit for payment on the Notes, a holder of a Note may bear currency exchange risk.

The Indenture is and the Notes will be governed by, and construed in accordance with, the laws of the State of New York. Under New York law, a New York state court rendering a judgment on the Notes would be required to render the judgment in euro. However, the judgment would be converted into U.S. dollars at the exchange rate prevailing on the date of entry of the judgment. Consequently, in a lawsuit for payment on the Notes, investors would bear currency exchange risk until a New York state court judgment is entered, which could be a long time. A federal court sitting in New York with diversity jurisdiction over a dispute arising in connection with the Notes would apply the foregoing New York law.

In courts outside of New York, holders of the Notes may not be able to obtain a judgment in a currency other than U.S. dollars. For example, a judgment for money in an action based on the Notes in many other United States federal or state courts ordinarily would be enforced in the United States only in U.S. dollars. The date used to determine the rate of conversion of euro into U.S. dollars would depend upon various factors, including which court renders the judgment and when the judgment is rendered.

The trading markets for the Notes may be limited.

The Notes are a new issue of securities for which no established trading market exists. Although we intend to apply to list the Notes on the NYSE, no assurance can be given that we will be able to list the Notes. Even if the Notes are listed, no assurance can be given that a trading market for the Notes will develop or be maintained. The listing application will be subject to approval by the NYSE. If such listing is obtained, we have no obligation to maintain such listing and we may delist the Notes at any time. If an active trading market does not develop for the Notes, holders of the Notes may not be able to resell such Notes at all or at prices acceptable to them. Although the underwriters for this offering have advised us that they intend to make a market in the Notes after completion of the offering, they are not obligated to do so and may discontinue market making at any time without notice. The liquidity of any trading market for, and future trading prices of, the Notes will depend on many factors, including, among other things, the number of holders of such Notes, our operating results, cash flows, financial performance and prospects, prevailing interest rates, changes in our credit rating or outlook, the market for similar securities, the overall securities market and general economic conditions, and may be adversely affected by unfavorable changes in these factors. Therefore, no assurance can be given as to the liquidity of any trading market for the Notes.

Holders of the Notes are exposed to the consequences of denomination of a minimum specified denomination plus a higher integral multiple.

The Notes will be issued in minimum denominations of €100,000 and integral multiples of €1,000 in excess thereof. As is the case with any issue of securities that have a denomination consisting of a minimum specified denomination (a “Specified Denomination”) plus a higher integral multiple of another smaller amount, it is possible that interests in the Notes may be traded in amounts that are not a Specified Denomination. In such a case a holder of a Note who, as a result of trading such amounts, holds a principal amount that is less than the Specified Denomination in its account with the relevant clearing system at the relevant time may not receive a definitive Note in respect of such holding (should definitive Notes be printed) and would need to purchase a principal amount of Notes such that its holding amounts to the Specified Denomination.

The Notes will initially be issued in book-entry form, and therefore investors must rely on the procedures of Euroclear and Clearstream to exercise any rights and remedies.

Except under the limited circumstances described under “Description of the Notes—Book-Entry Delivery and Settlement—Exchange of Global Notes for Certificated Notes,” the Notes will be issued in book-entry form and will be represented by one or more global Notes. So long as Euroclear or Clearstream or their common depository or nominee is the registered owner of the global Notes, Euroclear, Clearstream or such common depository or nominee, as the case may be, will be considered the sole owner or holder of the Notes represented by the global Notes for all purposes under the Indenture and the Notes. Payments of principal and interest (together with any additional amounts, if applicable) in respect of the global Notes will be made to Euroclear, Clearstream, such common depository or such nominee, as the case may be, as registered holder thereof. After payment to the common depository for Euroclear and Clearstream, we will have no direct responsibility or liability to pay amounts due with respect to any global Notes to any beneficial owners in such global Notes. Accordingly, beneficial owners of the Notes must rely on the procedures of Euroclear and Clearstream and, if beneficial owners are not participants in Euroclear and Clearstream, they must rely on the procedures of the participant through which they own their interest, to receive such payments or to exercise any other rights and obligations of a holder of Notes under the Indenture. We will not be liable for the accuracy of, or responsible for maintaining, supervising or reviewing, the records of Euroclear, Clearstream or any participant relating to beneficial interests in, or payments in respect of, any global Note.

In addition, beneficial owners will be restricted to acting through Euroclear and Clearstream to exercise their rights and remedies under the Indenture. The procedures to be implemented through Euroclear and Clearstream may not be adequate to ensure the timely exercise of such rights. See “Description of the Notes—Book-Entry Delivery and Settlement.”

CURRENCY CONVERSION

Principal and interest payments in respect of the Notes and additional amounts, if any, will be payable in euro. If the euro is unavailable to us due to the imposition of exchange controls or other circumstances beyond our control or the euro is no longer used by the member states of the European Monetary Union that have adopted the euro as their currency or for the settlement of transactions by public institutions within the international banking community, then all payments in respect of the Notes will be made in U.S. dollars until the euro is again available to us or so used. The amount payable on any date in euro will be converted by us into U.S. dollars on the basis of the most recently available market exchange rate for euro. See “Description of the Notes—Issuance in Euro.” Any payment in respect of the Notes so made in U.S. dollars will not constitute an event of default under the Notes or the Indenture governing the Notes.

Investors will be subject to foreign exchange risks as to payments of principal and interest on the Notes and additional amounts, if any, that may have important economic and tax consequences to them. See “Risk Factors.” You should consult your own financial and legal advisors as to the risks involved in an investment in the Notes.

On October 30, 2025, the euro/U.S. \$ rate of exchange as reported by Bloomberg was €1.00/U.S. \$1.16.

USE OF PROCEEDS

We estimate that the net proceeds of this offering will be approximately €589,999,500 or \$684,399,420, based on the euro/U.S. dollar exchange rate of €1.00 = \$1.16 as of October 30, 2025 as published by Bloomberg, L.P., after deducting the underwriting discounts and other expenses related to this offering. We intend to use the net proceeds from this offering for general corporate purposes, including the repayment of all or a portion of our outstanding commercial paper borrowings. As of September 30, 2025, we had \$1,289 million of commercial paper borrowings outstanding with a weighted average interest rate of 2.1% per annum with maturities ranging from 1 day to 22 days.

DESCRIPTION OF THE NOTES

The following description of the particular terms of the Notes supplements and, to the extent inconsistent with, replaces the description of the general terms and provisions of the debt securities set forth in the accompanying prospectus.

General

The Notes will be issued under an Indenture dated as of November 15, 1992 (the “Indenture”), between Colgate and The Bank of New York Mellon (formerly known as The Bank of New York), as trustee (the “Trustee”). The paying agent for the Notes initially will be The Bank of New York Mellon, London Branch (the “London Paying Agent”).

The Notes initially will be issued in an aggregate principal amount of €600,000,000, subject to our right to issue additional debt securities as described under “—Further Issuances.” Unless earlier redeemed, the Notes will mature on November 10, 2035. The Notes will bear interest at 3.250% per annum from November 10, 2025. We will pay interest on the Notes annually in arrears on November 10 of each year, commencing on November 10, 2026 (each, an “Interest Payment Date”). Interest on each Interest Payment Date will be paid to the persons in whose names the Notes were registered as of, if the Notes are in definitive form, the close of business on the fifteenth day (whether or not a Business Day (as defined below)) immediately preceding the Interest Payment Date or, if the Notes are represented by one or more global Notes, the close of business on the Business Day (for this purpose, a day on which Clearstream and Euroclear are open for business) immediately preceding the related Interest Payment Date. Interest on the Notes will be computed on the actual number of days in the period for which interest is being calculated and the actual number of days from and including the last date on which interest was paid on the Notes (or November 10, 2025 if no interest has been paid on the Notes), to but excluding the next scheduled Interest Payment Date. This payment convention is referred to as ACTUAL/ACTUAL (ICMA) as defined in the rulebook of the International Capital Market Association.

Any payment otherwise required to be made in respect of the Notes on a date that is not a Business Day may be made on the next succeeding Business Day with the same force and effect as if made on that date. No additional interest shall accrue as a result of a delayed payment. For purposes of the Notes, “Business Day” means, with respect to any Note, any day, other than a Saturday, Sunday, or on any other day (1) on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in the City of New York and London and (2) on which the Trans-European Automated Real-Time Gross Settlement Express Transfer system (the TARGET system), or any successor thereto, is open.

The Notes will be senior unsecured obligations of Colgate and will rank equally with all of the other unsecured and unsubordinated indebtedness of Colgate from time to time outstanding.

The Indenture does not limit the amount of notes, debentures or other evidence of indebtedness that we may issue under the Indenture or otherwise and provides that debt securities under the Indenture may be issued from time to time in one or more series.

The Notes will not be subject to any sinking fund provisions and will not be convertible into or exchangeable for any of our other securities. The Notes will be issued in minimum denominations of €100,000 and integral multiples of €1,000 in excess thereof.

The principal of each Note payable at maturity or earlier redemption will be paid in euro against presentation and surrender at the office or agency maintained for such purpose in London, initially the corporate trust office of the London Paying Agent, located at 160 Queen Victoria Street, London EC4V 4LA, United Kingdom.

Optional Redemption

Prior to the Par Call Date, we may redeem the Notes at our option, in whole or in part, at any time and from time to time, at a redemption price (expressed as a percentage of the principal amount and rounded to three decimal places) equal to the greater of:

- 100% of the principal amount of the Notes being redeemed; and
- the sum of the present values of the remaining scheduled payments of principal and interest on the Notes being redeemed assuming that the Notes being redeemed matured on the Par Call Date (not including any portion of such payments of interest accrued to the redemption date), discounted to the redemption date on an annual basis (ACTUAL/ACTUAL (ICMA)) at the Comparable Government Bond Rate (as defined below), plus 15 basis points.

On or after the Par Call Date, the Notes may be redeemed at our option, at any time, in whole or in part, from time to time, at a redemption price equal to 100% of the principal amount of the Notes being redeemed.

In each case, we will pay accrued and unpaid interest on the principal amount of the Notes being redeemed to, but not including, the redemption date.

Notwithstanding the foregoing, installments of interest on Notes being redeemed that are due and payable on Interest Payment Dates falling on or prior to a redemption date will be payable on the Interest Payment Date to the holders as of the close of business on the relevant record date according to the Notes and the Indenture.

For purposes of the foregoing discussion of the applicable optional redemption provisions, the following definitions are applicable:

The “Comparable Government Bond Rate” will be determined by the Calculation Agent on the third Business Day preceding the redemption date and means, with respect to any date of redemption, the rate per annum equal to the yield to maturity calculated in accordance with customary financial practice in pricing new issues of comparable corporate debt securities paying interest on an annual basis (ACTUAL/ACTUAL (ICMA)) of the Comparable Government Bond, assuming a price for the Comparable Government Bond (expressed as a percentage of its principal amount) equal to the Comparable Government Bond Price for such date of redemption.

“Calculation Agent” means an independent investment banking or commercial banking institution of international standing appointed by us.

“Comparable Government Bond” means the Federal Republic of Germany government security or securities selected by one of the Reference Government Bond Dealers appointed by us as having an actual or interpolated maturity comparable with the remaining term of the Notes (assuming the Notes matured on the Par Call Date) that would be utilized, at the time of selection and in accordance with customary financial practice, in pricing new issues of euro-denominated corporate debt securities of a maturity comparable to the remaining term of the Notes assuming the Notes matured on the Par Call Date.

“Comparable Government Bond Price” means, with respect to any redemption date, (A) the arithmetic average of the Reference Government Bond Dealer Quotations for such redemption date, after excluding the highest and lowest such Reference Government Bond Dealer Quotations, or (B) if the Calculation Agent obtains fewer than four such Reference Government Bond Dealer Quotations, the arithmetic average of all such quotations.

“Reference Government Bond Dealer” means each of four banks selected by us, which are (A) primary European government securities dealers, and their respective successors, or (B) market makers in pricing corporate bond issues.

“Reference Government Bond Dealer Quotations” means, with respect to each Reference Government Bond Dealer and any redemption date, the arithmetic average, as determined by the Calculation Agent, of the bid and offered prices for the Comparable Government Bond (expressed in each case as a percentage of its principal amount) at 11:00 a.m., Central European Time (CET), on the third Business Day preceding such date for redemption quoted in writing to the Calculation Agent by such Reference Government Bond Dealer.

Notice of redemption will be given at least 10 but not more than 60 days before the redemption date to each holder of record of the Notes to be redeemed at its registered address, provided that while the Notes are represented by one or more global Notes, notice of redemption may, at our option, instead be given to holders of Notes (and beneficial interests therein) in accordance with the applicable rules and regulations of Euroclear and Clearstream. The notice of redemption for the Notes will state, among other things, the amount of Notes to be redeemed, the redemption date, and the redemption price and the place or places that payment will be made upon presentation and surrender of Notes to be redeemed. Unless we default in the payment of the redemption price, interest will cease to accrue on any Notes that have been called for redemption at the redemption date. If less than all of the Notes are to be redeemed, the Notes to be redeemed will be selected in accordance with applicable depository procedures; provided, however, that no Notes of a principal amount of €100,000 or less shall be redeemed in part.

The Notes are also subject to redemption prior to maturity if certain changes in United States tax law occur. If such changes occur, the Notes may be redeemed at a redemption price of 100% of their principal amount together with accrued and unpaid interest on such Notes to, but excluding, the redemption date. See “—Redemption for Tax Reasons.”

Neither the Trustee nor the London Paying Agent shall be responsible for calculating the redemption price or any component thereof.

Issuance in Euro

Initial holders will be required to pay for the Notes in euro, and principal and interest payments in respect of the Notes and additional amounts, if any, will be payable in euro.

If the euro is unavailable to us due to the imposition of exchange controls or other circumstances beyond our control or the euro is no longer used by the member states of the European Monetary Union that have adopted the euro as their currency or for the settlement of transactions by public institutions within the international banking community, then all payments in respect of the Notes will be made in U.S. dollars until the euro is again available to us or so used. The amount payable on any date in euro will be converted into U.S. dollars on the basis of the Market Exchange Rate (as defined below). Any payment in respect of the Notes so made in U.S. dollars will not constitute an event of default under the Notes or the Indenture. Neither the Trustee nor the London Paying Agent shall be responsible for obtaining exchange rates, effecting conversions or otherwise handling redenominations.

“Market Exchange Rate” means the rate mandated by the U.S. Federal Reserve Board as of the close of business on the second Business Day prior to the relevant payment date or, in the event the U.S. Federal Reserve Board has not mandated a rate of conversion, on the basis of the most recent euro/U.S. dollar exchange rate available on or prior to the second Business Day prior to the relevant payment date, as reported by Bloomberg.

Further Issuances

We may, from time to time, without the consent of or notice to existing holders of the Notes, create and issue further debt securities having the same terms and conditions as the Notes in all respects, except for the issue date, issue price and, in some cases, the first interest payment date and the initial interest accrual date. Additional debt securities issued in this manner will be consolidated with and will form a single series of debt securities with the previously outstanding Notes; provided, however, that the issuance of such additional debt securities will not be so consolidated for United States federal income tax purposes unless such issuance constitutes a “qualified reopening” within the meaning of the Internal Revenue Code of 1986, as amended (the “Code”), and the Treasury regulations promulgated thereunder or otherwise is treated as part of the same issue of the previously issued Notes for U.S. federal income tax purposes. No additional debt securities may be issued if an event of default has occurred and is continuing with respect to the Notes.

Payment of Additional Amounts

We will, subject to the exceptions and limitations set forth below, pay as additional amounts to a holder of a Note that is a United States Alien (as defined below) such amounts as may be necessary so that every net payment on such Note after deduction or withholding for or on account of any present or future tax, assessment or other governmental charge of whatever nature imposed upon or as a result of such payment by the United States (or any political subdivision or taxing authority thereof or therein), will not be less than the amount provided for in such Note to be then due and payable. However, we will not be required to make any payment of additional amounts for or on account of:

- (a) any tax, assessment or other governmental charge that would not have been imposed but for (i) the existence of any present or former connection between such holder (or between a fiduciary, settlor or beneficiary of, or a person holding a power over, such holder, if such holder is an estate or a trust, or a member or shareholder of such holder, if such holder is a partnership or corporation) and the United States, including, without limitation, such holder (or such fiduciary, settlor, beneficiary, person holding a power, member or shareholder) being or having been a citizen or resident or treated as a resident thereof or being or having been engaged in trade or business or present therein or having or having had a permanent establishment therein, or (ii) the presentation by the holder of a Note for payment more than 30 days after the date on which such payment became due and payable or on which payment thereof was duly provided for, whichever occurs later;
- (b) any estate, inheritance, gift, sales, transfer, personal property or any similar tax, assessment or other governmental charge;
- (c) any tax, assessment or other governmental charge that would not have been imposed but for such holder’s past or present status as a controlled foreign corporation, passive foreign investment company (including a qualified election fund) or foreign private foundation or other tax exempt organization with respect to the United States or as a corporation that accumulates earnings to avoid United States Federal income tax;
- (d) any tax, assessment or other governmental charge that is payable otherwise than by deduction or withholding from a payment on a Note;
- (e) any tax, assessment or other governmental charge required to be deducted or withheld by any paying agent from any payment on a Note, if such payment can be made to such holder without such deduction or withholding by any other paying agent;
- (f) any tax, assessment or other governmental charge that would not have been imposed but for the holder’s failure to comply with any applicable certification, information, documentation or other reporting requirement concerning the nationality, residence, identity or connection with the United States of the holder or beneficial owner of a Note if, without regard to any tax treaty, such compliance is timely requested by us and required by statute or regulation of the United States as a precondition to relief or exemption from such tax, assessment or other governmental charge;
- (g) any tax, assessment or other governmental charge imposed by reason of the holder (i) owning or having owned, directly or indirectly, actually or constructively, 10% or more of the total combined voting power of all classes of stock of the Company entitled to vote, (ii) receiving interest described in Section 881(c)(3)(A) of the United States Internal Revenue Code or (iii) being a controlled foreign corporation with respect to the United States that is related to the Company by actual or constructive stock ownership;
- (h) any tax, assessment or other governmental charge that is imposed on a payment pursuant to Sections 1471 through 1474 of the United States Internal Revenue Code (FATCA), any Treasury regulations and official interpretations thereof, and any regulations or official law, agreement or interpretations thereof implementing an intergovernmental approach thereto; or
- (i) any combination of items (a), (b), (c), (d), (e), (f), (g) and (h);

nor shall such additional amounts be paid with respect to any payment on a Note to a holder that is a fiduciary or partnership or other than the sole beneficial owner of such payment to the extent a beneficiary or settlor with respect to such fiduciary or a member of such partnership or a beneficial owner would not have been entitled to the additional amounts had such beneficiary, settlor, member or beneficial owner been the holder of such Note.

For purposes of the foregoing, the holding of or the receipt of any payment with respect to a Note or enforcement of a right under the Note shall not constitute a connection between the holder (or between a fiduciary, settlor, beneficiary, member or shareholder of, or a person having power over, such holder if such holder is an estate, a trust, a partnership or a corporation) and the United States.

The term "United States Alien" means any person who, for United States federal income tax purposes, is a foreign corporation, a non-resident alien individual, a non-resident alien fiduciary of a foreign estate or trust, or a foreign partnership one or more of the beneficial owners of which is, for United States federal income tax purposes, a foreign corporation, a nonresident alien individual or a non-resident alien fiduciary of a foreign estate or trust.

Redemption for Tax Reasons

If we have or will become obliged to pay additional amounts (as described above) as a result of any change in, or amendment to, the laws or regulations of the United States or any political subdivision or taxing authority thereof or therein affecting taxation, or any change in official position regarding the application or interpretation of such laws, regulations or rulings, which change or amendment becomes effective on or after the date of this prospectus supplement, and we determine that such obligation cannot be avoided by the use of reasonable measures then available to us, we may, at our option, at any time, having giving not less than 10 nor more than 60 days' prior written notice to Holders, redeem, in whole, but not in part, the Notes at a redemption price equal to 100% of their principal amount, together with accrued and unpaid interest on the Notes being redeemed to, but excluding, the redemption date, provided that no such notice of redemption shall be given earlier than 90 days prior to the earliest date on which we would be obliged to pay such additional amounts if a payment in respect to the Notes were due on such date. Prior to the transmission or publication of any notice of redemption pursuant to this paragraph, we shall deliver to the Trustee a certificate signed by two executive officers of the Company stating that we are entitled to effect such redemption and setting forth a statement of facts showing that the conditions precedent to our right to so redeem the Notes has occurred.

Applicable Law and Foreign Currency Judgments

The Indenture is, and the Notes will be, governed by and construed in accordance with the internal laws of the State of New York. Courts in the United States customarily have not rendered judgments for money damages denominated in any currency other than the U.S. dollar.

Book-Entry Delivery and Settlement

We have obtained the information in this section concerning Clearstream and Euroclear and their book-entry systems and procedures from sources that we believe to be reliable. We take no responsibility for an accurate portrayal of this information. In addition, the description of the clearing systems in this section reflects our understanding of the rules and procedures of Clearstream and Euroclear as they are currently in effect. Those systems could change their rules and procedures at any time.

Global Clearance and Settlement

The Notes will be issued in the form of one or more global Notes in fully registered form, without coupons, and will be deposited with, or on behalf of, a common depository for, and in respect of interests held through, Euroclear and Clearstream. Except as described herein, certificates will not be issued in exchange for beneficial interests in the global Notes.

Except as set forth below, the global Notes may be transferred, in whole and not in part, only to Euroclear or Clearstream or their respective nominees.

Beneficial interests in the global Notes will be represented, and transfers of such beneficial interests will be effected, through accounts of financial institutions acting on behalf of beneficial owners as direct or indirect participants in Euroclear or Clearstream. Those beneficial interests will be in denominations of €100,000 and integral multiples of €1,000 in excess thereof. Investors may hold Notes directly through Euroclear or Clearstream, if they are participants in such systems, or indirectly through organizations that are participants in such systems.

Owners of beneficial interests in the global Notes will not be entitled to have Notes registered in their names, and, except as described herein, will not receive or be entitled to receive physical delivery of Notes in certificated form. So long as the common depository for Euroclear and Clearstream or its nominee is the registered owner of the global Notes, the common depository for all purposes will be considered the sole holder of the Notes represented by the global Notes under the Indenture and the global Notes. Except as provided below, beneficial owners will not be considered the owners or holders of the Notes under the Indenture, including for purposes of receiving any reports delivered by us or the Trustee pursuant to the Indenture. Accordingly, each beneficial owner must rely on the procedures of the clearing systems and, if such person is not a participant of the clearing systems, on the procedures of the participant through which such person owns its interest, to exercise any rights of a holder under the Indenture. Under existing industry practices, if we request any action of holders or a beneficial owner desires to give or take any action which a holder is entitled to give or take under the Indenture, the clearing systems would authorize their participants holding the relevant beneficial interests to give or take action and the participants would authorize beneficial owners owning through the participants to give or take such action or would otherwise act upon the instructions of beneficial owners. Conveyance of notices and other communications by the clearing systems to their participants, by the participants to indirect participants and by the participants and indirect participants to beneficial owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time. The laws of some jurisdictions require that certain purchasers of securities take physical delivery of such securities in certificated form. These limits and laws may impair the ability to transfer beneficial interests in global Notes.

Clearstream. Clearstream has advised that it is incorporated under the laws of Luxembourg and licensed as a bank and professional depository. Clearstream holds securities for its participating organizations (“Clearstream Participants”) and facilitates the clearance and settlement of securities transactions between Clearstream Participants through electronic book-entry changes in accounts of Clearstream Participants, thereby eliminating the need for physical movement of certificates. Clearstream provides to Clearstream Participants, among other things, services for safekeeping, administration, clearance and settlement of internationally traded securities and securities lending and borrowing. Clearstream interfaces with domestic markets in several countries. Clearstream has established an electronic bridge with the Euroclear Operator (as defined below) to facilitate the settlement of trades between Clearstream and Euroclear. As a registered bank in Luxembourg, Clearstream is subject to regulation by the Luxembourg Commission for the Supervision of the Financial Sector. Clearstream Participants are recognized financial institutions around the world, including underwriters, securities brokers and dealers, banks, trust companies, clearing corporations and certain other organizations and may include the underwriters. Indirect access to Clearstream is also available to others, such as banks, brokers, dealers and trust companies that clear through, or maintain a custodial relationship with, a Clearstream Participant, either directly or indirectly.

Distributions with respect to Notes held beneficially through Clearstream will be credited to cash accounts of Clearstream Participants in accordance with its rules and procedures.

Euroclear. Euroclear has advised that it was created in 1968 to hold securities for its participants (“Euroclear Participants”) and to clear and settle transactions between Euroclear Participants through simultaneous electronic book-entry delivery against payment, thereby eliminating the need for physical movement of certificates and any risk from lack of simultaneous transfers of securities and cash. Euroclear includes various other services, including securities lending and borrowing and interfaces with domestic markets in several countries. Euroclear is operated by Euroclear (the “Euroclear Operator”). All operations are conducted by the Euroclear Operator, and all Euroclear securities clearance accounts and Euroclear cash accounts are accounts with the Euroclear Operator. Euroclear Participants include banks (including central banks), securities brokers and dealers and other professional financial intermediaries and may include the underwriters. Indirect access to Euroclear is also available to other firms that clear through or maintain a custodial relationship with a Euroclear Participant, either directly or indirectly.

The Euroclear Operator is regulated and examined by the National Bank of Belgium and the Financial Services and Markets Authority.

Securities clearance accounts and cash accounts with the Euroclear Operator are governed by the Terms and Conditions Governing Use of Euroclear and the related operating procedures of Euroclear, and applicable Belgian law (collectively, the “Terms and Conditions”). The Terms and Conditions govern transfers of securities and cash within Euroclear, withdrawals of securities and cash from Euroclear, and receipts of payments with respect to securities in Euroclear. All securities in Euroclear are held on a fungible basis without attribution of specific certificates to specific securities clearance accounts. The Euroclear Operator acts under the Terms and Conditions only on behalf of Euroclear participants, and has no records of or relationship with persons holding through Euroclear participants.

Distributions with respect to the Notes held beneficially through Euroclear will be credited to the cash accounts of Euroclear participants in accordance with the Terms and Conditions.

Euroclear and Clearstream Arrangements

So long as Euroclear or Clearstream or their nominee or their common depository is the registered holder of the global Notes, Euroclear, Clearstream or such nominee, as the case may be, will be considered the sole owner or holder of the Notes represented by such global Notes for all purposes under the Indenture and the Notes. Payments of principal, interest and additional amounts, if any, in respect of the global Notes will be made to Euroclear, Clearstream, such nominee or such common depository, as the case may be, as registered holder thereof. None of us, the Trustee, any agent (including the London Paying Agent) and any affiliate of any of the above or any person by whom any of the above is controlled (as such term is defined in the Securities Act of 1933, as amended, or the “Securities Act”) will have any responsibility or liability for any records relating to or payments made on account of beneficial ownership interests in the global Notes or for maintaining, supervising or reviewing any records relating to such beneficial ownership interests.

Distributions of principal and interest with respect to the global Notes will be credited in euro to the extent received by Euroclear or Clearstream from the London Paying Agent to the cash accounts of Euroclear Participants or Clearstream Participants in accordance with the relevant system’s rules and procedures.

Because Euroclear and Clearstream can only act on behalf of participants, who in turn act on behalf of indirect participants, the ability of a person having an interest in the global Notes to pledge such interest to persons or entities which do not participate in the relevant clearing system, or otherwise take actions in respect of such interest, may be affected by the lack of a physical certificate in respect of such interest.

Initial Settlement

We understand that investors that hold their Notes through Clearstream or Euroclear accounts will follow the settlement procedures that are applicable to conventional eurobonds in registered form. Subject to applicable procedures of Clearstream and Euroclear, Notes will be credited to the securities custody accounts of Clearstream and Euroclear participants on the Business Day following the settlement date, for value on the settlement date.

Secondary Market Trading

Because the purchaser determines the place of delivery, it is important to establish at the time of trading of any Notes where both the purchaser's and seller's accounts are located to ensure that settlement can be made on the desired value date.

We understand that secondary market trading between Clearstream and/or Euroclear participants will occur in the ordinary way following the applicable rules and operating procedures of Clearstream and Euroclear. Secondary market trading will be settled using procedures applicable to conventional eurobonds in registered form.

Exchange of Global Notes for Certificated Notes

Subject to certain conditions, the Notes represented by the global notes are exchangeable for certificated Notes in definitive form of like tenor in minimum denominations of €100,000 and integral multiples of €1,000 in excess thereof if:

- (1) the depositary notifies us that it is unwilling or unable or no longer qualified to continue as depositary for the global notes and we fail to appoint a successor depositary within 90 days after this notice;
- (2) we, at our option, notify the Trustee in writing that we elect to cause the issuance of certificated Notes in definitive form; or
- (3) there has occurred and is continuing an event of default with respect to the Notes.

In all cases, certificated Notes delivered in exchange for any global note or beneficial interest therein will be registered in names, and issued in any approved denominations, requested by or on behalf of the depositary (in accordance with its customary procedures).

Payments (including principal and interest) and transfers with respect to Notes in certificated form may be executed at the office or agency maintained for such purpose in London (initially the corporate trust office of the London Paying Agent) or, at our option, by check mailed to the holders thereof at the respective addresses set forth in the register of holders of the Notes, provided that all payments (including principal and interest) on Notes in certificated form, for which the holders thereof have given wire transfer instructions at least ten calendar days prior to the applicable payment date, will be required to be made by wire transfer of immediately available funds to the accounts specified by the holders thereof. No service charge will be made for any registration of transfer, but payment of a sum sufficient to cover any tax or governmental charge payable in connection with that registration may be required.

MATERIAL UNITED STATES FEDERAL INCOME TAX CONSIDERATIONS

The following summarizes certain material United States federal income tax consequences expected to result from the purchase at the issue price (the first price at which a substantial amount of Notes is sold to purchasers other than bond houses, brokers or similar persons or organizations acting in the capacity of underwriters, placement agents or wholesalers), ownership and disposition of Notes by holders acquiring Notes at original issue for cash.

This discussion is based on:

- (a) the Code;
- (b) current, temporary and proposed Treasury regulations promulgated under the Code;
- (c) current administrative interpretations and practices of the Internal Revenue Service (the "IRS"); and
- (d) court decisions,

all as of the date of this prospectus supplement. Future legislation, Treasury regulations, administrative interpretations and practices and/or court decisions may adversely affect the tax considerations contained in this discussion. Any change could apply retroactively to transactions preceding the date of the change. The tax considerations contained in this discussion may be challenged by the IRS, and we have not requested, and do not plan to request, any rulings from the IRS concerning the Notes.

The tax treatment of a holder of Notes may vary depending upon a holder's particular situation. Certain holders (including, but not limited to, certain financial institutions, insurance companies, broker-dealers, partnerships and other pass-thru entities, persons who mark-to-market the Notes, tax-exempt organizations, regulated investment companies, real estate investment trusts, U.S. Holders (as defined below) whose functional currency for tax purposes is not the U.S. dollar, expatriates, persons subject to alternative minimum tax, persons holding Notes as part of a "straddle," "hedge" or "conversion transaction" and accrual method taxpayers subject to special tax accounting rules as a result of their use of financial statements) may be subject to special rules not discussed below. This discussion is limited to holders who will hold the Notes as "capital assets" (generally, property held for investment) within the meaning of Section 1221 of the Code. Moreover, the effect of any applicable state, local or foreign tax laws and other U.S. federal tax laws (such as estate and gift tax laws) is not discussed.

EACH INVESTOR SHOULD CONSULT HIS, HER OR ITS OWN TAX ADVISOR AS TO PARTICULAR TAX CONSEQUENCES TO IT OF PURCHASING, HOLDING AND DISPOSING OF NOTES.

As used herein, the term "U.S. Holder" means a beneficial owner of a Note that is for United States federal income tax purposes (1) a citizen or resident of the United States, (2) a corporation, including for this purpose an entity treated as a corporation for United States federal income tax purposes, created or organized in or under the laws of the United States, any state thereof or the District of Columbia, or (3) an estate or trust the income of which is subject to United States federal income tax regardless of its source. As used herein, the term "Non-U.S. Holder" means a beneficial owner (other than a partnership) of Notes that is not a U.S. Holder.

If a partnership (including for this purpose any entity or arrangement treated as a partnership for United States federal income tax purposes) holds a Note, the treatment of a partner in the partnership will generally depend on the status of the partner and activities of the partnership. A holder that is a partnership and partners in such partnership should consult their tax advisors regarding the United States federal income tax consequences of purchasing, owning and disposing of the Notes.

U.S. Holders

Purchase of Notes. A U.S. Holder that purchases Notes with previously owned euro will generally recognize foreign currency gain or loss equal to the difference, if any, between such U.S. Holder's adjusted tax basis in the euro and the U.S. dollar fair market value of the Notes on the date of purchase. Any such gain or loss generally will be ordinary income or loss.

Interest. Stated interest on a Note will be included in the income of a U.S. Holder as ordinary income at the time such interest is received or accrued, in accordance with the U.S. Holder's regular method of U.S. federal income tax accounting.

U.S. Holders that use the cash receipts and disbursements method of accounting for U.S. federal income tax purposes must recognize income equal to the U.S. dollar value of the euro received as a payment of interest (which includes proceeds in euro from a sale, exchange, or other disposition of the Notes to the extent attributable to accrued interest), determined by translating the euro amount into U.S. dollars at the spot rate in effect on the date of receipt, regardless of whether the euro received is actually converted into U.S. dollars. U.S. Holders that use an accrual method of accounting for U.S. federal income tax purposes may determine the amount of income accrued with respect to the euro received on each Interest Payment Date by using one of two methods. Under the first method, the amount of income accrued is determined by translating the euro amount into U.S. dollars at the average exchange rate in effect during the accrual period (or, if the accrual period spans two taxable years, at the exchange rate for the partial period within the taxable year). Alternatively, such U.S. Holders may elect to determine the amount of income accrued on the basis of the spot rate in effect on the last day of the accrual period (or the last day of the taxable year in the case of an accrual period that straddles the U.S. Holder's taxable year) or may use the spot rate on the date the interest payment is received if that date is within five days of the end of the accrual period. U.S. Holders that make this election must apply it consistently to all debt instruments from year to year and cannot change the election without the consent of the IRS. Accrual method U.S. Holders will recognize foreign currency gain or loss on the receipt of an interest payment (including a payment attributable to accrued but unpaid interest upon the sale, exchange or other disposition of a Note) if the spot rate of exchange on the date the payment is received differs from the rate applicable to a previous accrual of that interest income. Such foreign currency gain or loss generally will be treated as ordinary income or loss, but generally will not be treated as an adjustment to interest income received on the Notes. A U.S. Holder will have a tax basis in euro received as interest on the Note equal to the U.S. dollar value of such euro.

Sale, Exchange, Redemption, Retirement or other Taxable Disposition of the Notes. Upon the disposition of a Note by sale, exchange, redemption, retirement or other taxable disposition, a U.S. Holder generally will recognize gain or loss equal to the difference between (i) the sum of all cash plus the fair market value of all other property received on such disposition (other than amounts attributable to accrued interest, which amounts would be treated as ordinary interest income to the extent not previously so treated) and (ii) the U.S. Holder's adjusted tax basis in such Note. A U.S. Holder's adjusted tax basis in a Note generally will equal the cost of the Note to the U.S. Holder based on the spot exchange rate on the settlement date of the initial purchase, decreased by the amount of any payments (other than payments of stated interest) on the Note (converted using the same exchange rate).

A U.S. Holder that uses the cash receipts and disbursements method of accounting determines the amount realized in U.S. dollars by using the relevant spot exchange rate on the settlement date of the disposition of a Note, provided that the Notes are traded on an established securities market. A U.S. Holder that uses an accrual method of accounting may elect such treatment for all purchases and sales for foreign currency of stock or securities traded on an established securities market (which election cannot be changed without the consent of the IRS). Absent such an election, the amount realized by an accrual method U.S. Holder in U.S. dollars is the U.S. dollar value of the euro received, determined at the spot rate on the trade date of the disposition of the Note. Gain or loss realized upon the taxable disposition of a Note that is attributable to fluctuations in currency exchange rates will be ordinary income or loss and such income or loss will not be treated as interest income or expense. The gain or loss of a U.S. Holder attributable to fluctuations in currency exchange rates will be the difference between (i) the U.S. dollar value of the U.S. Holder's purchase price for the Note, determined using the spot rate on the date the Note is disposed of (or the settlement date, if the Notes are traded on an established securities market and the U.S. Holder is either a cash basis taxpayer or an electing accrual basis taxpayer), and (ii) the U.S. dollar value of the purchase price for the Note, determined using the spot rate on the date the U.S. Holder acquired the Note. The foreign currency gain or loss will be recognized only to the extent of the total gain or loss realized by the U.S. Holder on the disposition of the Note.

Except as discussed above with respect to foreign currency gains or losses, gain or loss recognized on the sale, exchange, redemption, retirement, or other taxable disposition of a Note generally will constitute capital gain or loss and will be long-term capital gain or loss if the U.S. Holder has held the Note for more than one year. The deductibility of capital losses is subject to limitations.

A U.S. Holder will have a tax basis in euro received on the sale, exchange, redemption, retirement or other taxable disposition of a Note equal to the U.S. dollar value of such euro, determined at the time of such sale, exchange, redemption, retirement or other taxable disposition. Any gain or loss realized by a U.S. Holder on a sale or other disposition of euro will be ordinary income or loss.

Medicare Tax on Net Investment Income. Certain U.S. Holders that are individuals, estates or trusts will be subject to a 3.8% tax on all or a portion of their "net investment income," which may include all or a portion of their interest income and net gains from the disposition of Notes, and potentially foreign currency gains. Each U.S. Holder that is an individual, estate or trust is urged to consult its tax advisors regarding the applicability of the Medicare tax to its income and gains in respect of its investment in the Notes.

Backup Withholding and Information Reporting. A U.S. Holder of a Note may be subject, under certain circumstances, to information reporting and backup withholding with respect to payments of interest on, and gross proceeds from a sale, exchange, redemption, retirement or other disposition of, a Note. These backup withholding rules apply if the U.S. Holder, among other things:

- (a) fails to furnish a social security number or other taxpayer identification number ("TIN") certified under penalties of perjury within a reasonable time after the request therefor;
- (b) furnishes an incorrect TIN;
- (c) is notified it is subject to backup withholding because such holder previously failed to properly report interest or dividends;
- (d) under certain circumstances, fails to provide a certified statement, signed under penalties of perjury, that the TIN furnished is the correct number and that such U.S. Holder is not subject to backup withholding; or
- (e) otherwise fails to comply with applicable requirements of the backup withholding rules.

A U.S. Holder of a Note that does not provide his, her or its correct TIN may be subject to penalties imposed by the IRS. Certain persons are exempt from backup withholding, including corporations and tax-exempt entities, provided their exemption is properly established. U.S. Holders of Notes should consult their tax advisors as to their qualifications for exemption from backup withholding and the procedure for obtaining such exemption. U.S. Holders that are not corporations or tax-exempt organizations generally will be subject to information reporting requirements.

Backup withholding is not an additional tax. Any amount paid as backup withholding is creditable against the U.S. Holder's United States federal income tax liability, provided the requisite information is timely provided to the IRS.

Non-U.S. Holders

The following discussion is limited to the United States federal income tax consequences to a holder of a Note that is a beneficial owner and that, for United States federal income tax purposes, is an individual, corporation, estate or trust other than a U.S. Holder (a "Non-U.S. Holder"). For purposes of the discussion below, interest and any gain on the sale, exchange, redemption, retirement or other taxable disposition of a Note will be considered to be "U.S. trade or business income" if such income or gain is effectively connected with the Non-U.S. Holder's conduct of a U.S. trade or business.

Interest. Subject to the discussions of backup withholding and "FATCA" below, generally, interest (including additional amounts, if any) paid to a Non-U.S. Holder of a Note will not be subject to United States federal income or withholding tax if such interest is not U.S. trade or business income and is "portfolio interest." Generally, interest on the Notes will qualify as portfolio interest and will be eligible for the portfolio interest exception if the Non-U.S. Holder:

- (a) does not actually or constructively own 10% or more of the total combined voting power of all classes of our stock entitled to vote;
- (b) is not a "controlled foreign corporation" with respect to which we are a "related person" within the meaning of the Code;
- (c) is not a bank described in Section 881(c)(3)(A) of the Code; and
- (d) certifies, under penalties of perjury, on a properly executed Form W-8BEN or Form W-8BEN-E prior to the payment of interest that such holder is not a United States person and provides such holder's name and address.

The gross amount of payments of interest that do not qualify for the portfolio interest exception and that are not U.S. trade or business income will be subject to U.S. withholding tax at a rate of 30% unless a treaty applies to reduce or eliminate such withholding.

Unless an applicable treaty otherwise provides, U.S. trade or business income will be taxed on a net basis at regular graduated U.S. federal income tax rates rather than the 30% gross rate. In addition, in the case of a Non-U.S. Holder that is a corporation, any effectively connected earnings and profits may be subject to a 30% branch profits tax, unless an applicable treaty otherwise provides.

To claim an exemption from withholding in the case of U.S. trade or business income, or to claim the benefits of a treaty, a Non-U.S. Holder must provide a properly executed Form W-8ECI (in the case of U.S. trade or business income not exempt under a treaty) or Form W-8BEN or Form W-8BEN-E (in the case of a treaty), or any successor form as the IRS designates, as applicable, prior to the payment of interest. These forms must be periodically updated. Also, special procedures are provided under applicable Treasury regulations for payments through qualified intermediaries or certain financial institutions that hold customers' securities in the ordinary course of their trade or business.

Sale, Exchange, Redemption or Retirement of Notes. Except as described below and subject to the discussions concerning backup withholding and "FATCA," any gain realized by a Non-U.S. Holder on the sale, exchange, redemption or retirement of a Note generally will not be subject to U.S. federal income or withholding tax, unless:

- (a) such gain is U.S. trade or business income, in which case the Non-U.S. Holder generally will be taxed as discussed above under "—Interest"; or
- (b) subject to certain exceptions, the Non-U.S. Holder is an individual and is present in the United States for 183 days or more in the taxable year of the disposition, in which case the Non-U.S. Holder will be subject to a flat 30% U.S. federal income tax on any gain recognized (except as otherwise provided by an applicable treaty), which may be offset by certain U.S. source losses.

Payments received on a disposition that are attributable to accrued interest will be treated in accordance with the rules applicable to payments of interest (and described above).

Information Reporting and Backup Withholding. We must report annually to the IRS and to each Non-U.S. Holder any interest that is paid to the Non-U.S. Holder. Copies of these information returns also may be made available under the provisions of a specific treaty or other agreement to the tax authorities of the country in which the Non-U.S. Holder resides.

Treasury regulations provide that the backup withholding tax and certain information reporting will not apply to payments of interest with respect to which either the requisite certification that the Non-U.S. Holder is not a U.S. person, as described above, has been received or an exemption otherwise has been established, provided that neither we nor our paying agent have actual knowledge, or reason to know, that the Non-U.S. Holder is a U.S. person or that the conditions of any other exemption are not, in fact, satisfied.

The payment of the gross proceeds from the sale, exchange, redemption, retirement or other disposition of the Notes to or through the U.S. office of any broker, U.S. or foreign, will be subject to information reporting and possible backup withholding unless the Non-U.S. Holder certifies as to its non-U.S. status under penalties of perjury or otherwise establishes an exemption, provided that the broker does not have actual knowledge, or reason to know, that the Non-U.S. Holder is a U.S. person or that the conditions of any other exemption are not, in fact, satisfied. The payment of the gross proceeds from the sale, exchange, redemption, retirement or other disposition of the Notes to or through a non-U.S. office of a non-U.S. broker will not be subject to information reporting or backup withholding unless the non-U.S. broker is a U.S. person or has certain types of relationships with the United States (a "U.S. related person"). In the case of the payment of the gross proceeds from the sale, exchange, redemption, retirement or other disposition of the Notes to or through a non-U.S. office of a broker that is either a U.S. person or a U.S. related person, the Treasury regulations require information reporting (but not backup withholding) on the payment unless the broker has documentary evidence in its files that the owner is a Non-U.S. Holder and the broker has no knowledge, or reason to know, to the contrary.

Backup withholding is not an additional tax. Any amounts withheld under the backup withholding rules may be refunded or credited against the Non-U.S. Holder's United States federal income tax liability, provided that the required information is timely provided to the IRS.

All certifications described above under "—Non-U.S. Holders" are subject to special rules with respect to reliance standards, under which certifications provided by holders may not be relied on under certain circumstances (for example, if we, our paying agent, or the broker had actual knowledge or reason to know that the certification is false).

FATCA

The Foreign Account Tax Compliance provisions under Sections 1471 to 1474 of the Code and accompanying Treasury regulations ("FATCA") will generally impose a withholding tax of 30% on interest income from debt obligations paid to a foreign financial institution (as defined under FATCA) (including where such foreign financial institution is not the beneficial owner of such payments), unless such foreign financial institution enters into an agreement with the U.S. government to collect and provide to the U.S. tax authorities substantial information regarding certain U.S. account holders of such institution (which would include certain account holders that are foreign entities with U.S. owners). The U.S. government has entered into intergovernmental agreements with the governments of certain countries that may in certain circumstances modify the foregoing requirements, including, in the case of a "Model 1" intergovernmental agreement, by requiring substantially similar information to be reported to the tax authorities in such country rather than to the U.S. tax authorities. In addition, FATCA will generally impose a withholding tax of 30% on interest income from debt obligations paid to a non-financial foreign entity unless such non-financial foreign entity provides the withholding agent with certain certifications or information relating to U.S. ownership of the entity. Under certain circumstances, such foreign persons might be eligible for refunds or credits of such taxes. Prospective investors should consult their tax advisors regarding the applicability of FATCA to their ownership of the Notes.

THE PRECEDING DISCUSSION OF CERTAIN UNITED STATES FEDERAL INCOME TAX CONSIDERATIONS RELATING TO THE ACQUISITION, OWNERSHIP AND DISPOSITION OF THE NOTES IS FOR GENERAL INFORMATION ONLY AND IS NOT TAX ADVICE. ACCORDINGLY, EACH INVESTOR SHOULD CONSULT HIS, HER OR ITS OWN TAX ADVISOR AS TO PARTICULAR TAX CONSEQUENCES TO IT OF PURCHASING, HOLDING AND DISPOSING OF NOTES, INCLUDING THE APPLICABILITY AND EFFECT OF ANY UNITED STATES FEDERAL INCOME, MEDICARE, ESTATE AND GIFT TAX LAWS OR STATE, LOCAL AND FOREIGN TAX LAWS, AND OF ANY PROPOSED CHANGES IN APPLICABLE LAW.

The underwriters have agreed to purchase all of the Notes sold under the underwriting agreement if any of the Notes are purchased. If an underwriter defaults, the underwriting agreement provides that the purchase commitments of the non-defaulting underwriters may be increased or the underwriting agreement may be terminated.

We have agreed to indemnify the underwriters against certain liabilities, including liabilities under the Securities Act, or to contribute to payments the underwriters (and their respective affiliates and controlling persons) may be required to make in respect of those liabilities.

The underwriters are offering the Notes, subject to prior sale, when, as and if issued to and accepted by them, subject to approval of legal matters by their counsel, including the validity of the Notes, and other conditions contained in the underwriting agreement, such as the receipt by the underwriters of officer's certificates and legal opinions. The underwriters reserve the right to withdraw, cancel or modify offers to the public and to reject orders in whole or in part.

Commissions and Discounts

We have been advised by the underwriters that the underwriters propose to offer some of the Notes directly to the public at the public offering price set forth on the cover page of this prospectus supplement and some of the Notes to dealers at the respective public offering price less a concession not to exceed 0.255% of the principal amount of the Notes. The underwriters may allow, and dealers may allow, a concession not to exceed 0.170% of the principal amount of the Notes. After the initial offering of the Notes to the public, the representatives of the underwriters may change the public offering price.

The following table shows the underwriting discount that we are to pay to the underwriters in connection with this offering. The underwriting discount is the difference between the public offering price and the amount the underwriters pay to us to purchase the Notes.

	Paid by Colgate
Per Note	0.425%
Total	€ 2,550,000

The expenses of the offering, not including the underwriting discount, are estimated to be \$1,474,500 and are payable by us.

New Issue of Notes

The Notes are a new issue of securities with no established trading market. The underwriters have informed us that they intend to make a market in the Notes but are under no obligation to do so and such market making may be terminated at any time without notice. We intend to apply for the listing of the Notes on the NYSE. It is not possible to predict whether the application will be approved for listing or, if approved, whether the application will be approved prior to the settlement date. Settlement of the Notes is not conditional on obtaining the listing of the Notes, and we are not required to maintain the listing of the Notes. No assurance can be given as to the liquidity of the trading market for the Notes.

Price Stabilization and Short Positions

In connection with the offering, the underwriters may purchase and sell Notes in the open market. These transactions may include over-allotment, syndicate, covering transactions and stabilizing transactions. Over-allotment involves sales of Notes in excess of the principal amount of Notes to be purchased by the underwriters in this offering, which creates a short position for the underwriters. Covering transactions involve purchases of the Notes in the open market after the distribution has been completed in order to cover short positions. Stabilizing transactions consist of certain bids or purchases of Notes made for the purpose of preventing or retarding a decline in the market price of the Notes while the offering is in progress.

Any of these activities may have the effect of preventing or retarding a decline in the market price of the Notes. They may also cause the price of the Notes to be higher than the price that otherwise would exist in the open market in the absence of these transactions. The underwriters may conduct these transactions in the over-the-counter market or otherwise. If the underwriters commence any of these transactions, they may discontinue them at any time without notice.

Delayed Settlement

We will deliver the Notes to the underwriters at the closing of this offering when the underwriters pay us the purchase price of the Notes. The closing is expected to occur on November 10, 2025, which is five business days after the date of this prospectus supplement (referred to as “T+5”). Under the E.U. Central Securities Depositories Regulation, trades in the secondary market generally are required to settle in two business days in the place of settlement unless the parties to a trade expressly agree otherwise. Also, under Rule 15c6-1 under the Securities Exchange Act of 1934, as amended (the “Exchange Act”), trades in secondary market generally are required to settle in one New York business day, unless the parties to a trade expressly agree otherwise. Accordingly, purchasers who wish to trade Notes prior to the first or second business day, as applicable, prior to the settlement date will be required, by virtue of the fact that the Notes initially will settle in T+5 settlement, to specify any alternative settlement arrangements to prevent a failed settlement.

Other Relationships

The underwriters and their respective affiliates are full service financial institutions engaged in various activities, which may include securities trading, commercial and investment banking, financial advisory, investment management, investment research, principal investment, hedging, financing and brokerage activities. Certain of the underwriters and their respective affiliates have engaged in, and may in the future engage in, investment banking and commercial banking dealings in the ordinary course of business with us or our affiliates. They have received, or may in the future receive, customary fees and commissions for these transactions. BNY Mellon Capital Markets, LLC, one of the underwriters participating in the offering, is an affiliate of the trustee.

In addition, in the ordinary course of their business activities, the underwriters and their respective affiliates have made or held, and may in the future make or hold, a broad array of investments including serving as counterparties to certain derivative and hedging arrangements, and may have actively traded, and, in the future may actively trade, debt and equity securities (or related derivative securities), and financial instruments (including bank loans) for their own account and for the accounts of their customers and may have in the past and at any time in the future hold long and short positions in such securities and instruments. Such investment and securities activities may have involved, and in the future may involve, securities and instruments of us or our affiliates. Certain of the underwriters or their respective affiliates that have a lending relationship with us routinely hedge, and certain other of those underwriters or their affiliates may hedge, their credit exposure to us consistent with their customary risk management policies. Typically, such underwriters and their respective affiliates would hedge such exposure by entering into transactions which consist of either the purchase of credit default swaps or the creation of short positions in our securities, including potentially the Notes offered hereby. Any such credit default swaps or short positions could adversely affect future trading prices of the Notes offered hereby. The underwriters and their respective affiliates may also make investment recommendations and/or publish or express independent research views in respect of such securities or financial instruments and may hold, or recommend to clients that they acquire, long and/or short positions in such securities and instruments.

ICBC Standard Bank Plc is restricted in its U.S. securities dealings under the United States Bank Holding Company Act and may not underwrite, subscribe, agree to purchase or procure purchasers to purchase notes that are offered or sold in the United States. Accordingly, ICBC Standard Bank Plc shall not be obligated to, and shall not, underwrite, subscribe, agree to purchase or procure purchasers to purchase notes that may be offered or sold by other underwriters in the United States. ICBC Standard Bank Plc shall offer and sell the Notes constituting part of its allotment solely outside the United States.

This prospectus supplement is not a prospectus for the purposes of the Prospectus Regulation.

The above selling restriction is in addition to any other selling restriction set out below.

The Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the United Kingdom.

For these purposes:

(A) a retail investor means a person who is one (or more) of (i) a retail client, as defined in point (8) of Article 2 of Regulation (EU) No 2017/565 as it forms part of domestic law of the United Kingdom by virtue of the European Union Withdrawal Act 2018 (as amended, the “EUWA”); or (ii) a customer within the meaning of the provisions of the FSMA and any rules or regulations made under the FSMA to implement Directive (EU) 2016/97 (as amended), where that customer would not qualify as a professional client, as defined in point (8) of Article 2(1) of Regulation (EU) No 600/2014 as it forms part of domestic law of the United Kingdom by virtue of the EUWA; and

This document must not be acted on or relied on in the United Kingdom by persons who are not relevant persons. In the United Kingdom, any investment or investment activity to which this document relates is only available to, and will be engaged in with, relevant persons.

The underwriters will only communicate or cause to be communicated an invitation or inducement to engage in investment activity (within the meaning of Section 21 of the FSMA) received by it in connection with the issue or sale of such Notes in circumstances in which Section 21(1) of the FSMA does not apply to us; and they have complied and will comply with all applicable provisions of the FSMA with respect to anything done by them in relation to the Notes in, from or otherwise involving the United Kingdom.

By using a “shelf” registration statement, we may sell, at any time and from time to time, in one or more offerings, the debt securities described in this prospectus and any accompanying prospectus supplement. The term “prospectus supplement” as used in this prospectus includes any pricing supplements relating to particular offerings of debt securities. CAUTIONARY STATEMENT REGARDING FORWARD LOOKING STATEMENTS

This prospectus and the documents incorporated by reference in this prospectus contain statements that constitute “forward looking statements” within the meaning of Section 27A of the Securities Act, and Section 21E of the Securities Exchange Act of 1934, as amended, that set forth anticipated results based on management’s current plans and assumptions.

These statements may relate, for example, to sales or volume growth, net selling price increases, organic sales growth, profit or profit margin levels, earnings per share levels, financial goals, the impact of foreign exchange volatility, the impact of COVID-19, the impact of the war in Ukraine, the impact of the Israel-Hamas war, cost-reduction plans (including the 2022 Global Productivity Initiative), tax rates, interest rates, new product introductions, digital capabilities, commercial investment levels, acquisitions, divestitures, share repurchases or legal or tax proceedings, among other matters. In some cases, you can identify forward looking statements by terminology such as “expect,” “anticipate,” “estimate,” “intend,” “may,” “will,” “could,” “would,” “should,” “predict,” “potential,” “plan,” “believe” or the negative of these terms or similar terminology.

These statements are made on the basis of our views and assumptions as of this time and we undertake no obligation to update these statements, whether as a result of new information, future events or otherwise, except as required by law or by the rules and regulations of the SEC. Moreover, we do not, nor does any other person, assume responsibility for the accuracy and completeness of those statements. We caution investors that any such forward-looking statements are not guarantees of future performance and that actual events or results may differ materially from those statements. Actual events or results may differ materially because of factors that affect international businesses and global economic conditions, as well as matters specific to us and the markets we serve, including the uncertain macroeconomic and political environment in different countries, including as a result of inflation and rising interest rates, and its effect on consumer spending habits, foreign currency rate fluctuations, exchange controls, tariffs, sanctions, price or profit controls, labor relations, changes in foreign or domestic laws or regulations or their interpretation, political and fiscal developments, including changes in trade, tax and immigration policies, increased competition and evolving competitive practices (including from the growth of eCommerce and the entry of new competitors and business models), the ability to operate and respond effectively during a pandemic, epidemic or widespread public health concern, including COVID-19, the ability to manage disruptions in our global supply chain and/or key office facilities, the ability to manage the availability and cost of raw and packaging materials and logistics costs, the ability to maintain or increase selling prices as needed, changes in the policies of retail trade customers, the emergence of alternative retail channels, the growth of eCommerce and the rapidly changing retail landscape (as consumers increasingly shop online), the ability to develop innovative new products, the ability to continue lowering costs and operate in an agile manner, the ability to maintain the security of our information technology systems from a cyber-security incident or data breach, the ability to address the effects of climate change and achieve our sustainability and social impact goals, the ability to complete acquisitions and divestitures as planned, the ability to successfully integrate acquired businesses, the ability to attract and retain key employees and integrate DE&I initiatives across our organization, the uncertainty of the outcome of legal proceedings, whether or not we believe they have merit, and the ability to address uncertain or unfavorable global economic conditions, including inflation, disruptions in the credit markets and tax matters.

All of the forward-looking statements are qualified in their entirety by reference to the factors discussed under the captions “Risk Factors” and “Management’s Discussion and Analysis of Financial Condition and Results of Operations” in [our Annual Report on Form 10-K for the fiscal year ended December 31, 2022](#) and to the factors discussed under the caption “Risk Factors” in [our Quarterly Reports on Form 10-Q for the quarters ended March 31, 2023, June 30, 2023 and September 30, 2023](#) (incorporated by reference in this prospectus) and similar sections in our subsequent filings that we incorporate by reference in this prospectus, which describe risks and factors that could cause results to differ materially from those projected in the forward-looking statements. Those risk factors may not be exhaustive. We operate in a continually changing business environment, and new risk factors emerge from time to time. We cannot predict these new risk factors, nor can we assess the impact, if any, of these new risk factors on our businesses or the extent to which any factor, or combination of factors, may cause actual results to differ materially from those projected in any forward-looking statements. Given these uncertainties, we caution investors not to unduly rely on forward-looking statements in making an investment decision. We are under no obligation to (and expressly disclaim any obligation to) update or alter any forward-looking statement that may be made from time to time, whether as a result of new information, future events or otherwise.

RISK FACTORS

Investing in the debt securities to be offered pursuant to this prospectus involves certain risks. For a discussion of the factors you should carefully consider before deciding to purchase any debt securities that may be offered, please read “Risk Factors” in our most recently filed Annual Report on Form 10-K and subsequently filed Quarterly Reports on Form 10-Q, as well as those risk factors that may be included in the applicable prospectus supplement and other information included or incorporated by reference in this prospectus.

USE OF PROCEEDS

We intend to use the net proceeds from the sale of the debt securities for general corporate purposes, unless otherwise specified in the applicable prospectus supplement.

DESCRIPTION OF DEBT SECURITIES

General

We will offer the debt securities described in this prospectus from time to time in one or more distinct series for an aggregate initial public offering price in U.S. dollars or in foreign currencies or units of two or more currencies, based on the applicable exchange rate at the time of offering, as we shall designate at the time of offering.

Unless otherwise specified in the applicable prospectus supplement, the debt securities will be issued under an indenture, dated as of November 15, 1992, between our company and The Bank of New York Mellon (formerly known as The Bank of New York), as trustee. We refer to this indenture, as supplemented from time to time, as the “indenture” and to the trustee under the indenture as the “trustee.” The indenture has been qualified under the Trust Indenture Act of 1939. A copy of the indenture is incorporated by reference as an exhibit to the registration statement of which this prospectus is a part. The following summaries of material provisions of the debt securities and of the indenture are not complete and are subject to, and qualified in their entirety by reference to, the provisions of the indenture, including the definitions of terms.

The indenture does not limit the amount of debt, secured or unsecured, which we may issue. The debt securities offered by this prospectus are unsecured and rank equally with our other unsecured and unsubordinated indebtedness.

Terms of the Debt Securities

We may issue the debt securities from time to time, without limitation as to aggregate principal amount and in one or more series. We may issue debt securities upon the satisfaction of conditions, including the delivery to the trustee of a supplemental indenture, or a resolution of our Board of Directors or a committee of our Board of Directors, or a certificate of our officers who have been authorized by our Board of Directors to take that kind of action, which fixes or establishes the terms of the debt securities being issued. Any supplemental indenture, resolution or officer’s certificate approving the issuance of any issue of debt securities will include the following terms of that issue of debt securities:

- the aggregate principal amount;
- the stated maturity date;
- the date or dates on which we will pay principal, if other than at maturity, or the method we will use to determine these dates;
- whether and how the principal amount will be determined, whether by reference to an index, formula or other method;
- the rate or rates (or manner of calculating the rate or rates) at which the debt securities will bear interest, if any, and the date or dates from which any interest will accrue;
- the interest payment dates and regular record dates for any interest payable;
- if in addition to or other than the Borough of Manhattan, The City of New York, the place or places where the principal (and premium, if any) and interest, if any, will be payable, and where the debt securities may be delivered for registration, transfer or exchange;

- any provisions for redemption of the debt securities, the redemption price or prices and any remarketing arrangements;
- any mandatory redemption or sinking fund or analogous provisions;
- whether the debt securities are denominated or payable in United States dollars or in one or more currencies or units of two or more currencies;
- the form in which we will issue the debt securities, whether registered, bearer or both, and any restrictions applicable to the exchange of one form for another and/or to the offer, sale and delivery of the debt securities in either form;
- whether and under what circumstances we will pay additional amounts under any debt securities held by a person who is not a U.S. person for specified taxes, assessments or other governmental charges and whether we have the option to redeem the affected debt securities rather than pay any such additional amounts;
- whether the debt securities are to be issued in global form and if so, the depository for the global securities;
- the title of the debt securities and the series of which the debt securities are a part;
- the minimum denominations in which any debt securities will be issuable if other than denominations of \$1,000 and any integral multiple thereof;
- any additional covenants or events of default applicable to our company; and
- any other terms of the debt securities which are not inconsistent with the provisions of the indenture.

Please see the applicable prospectus supplement for the terms of the specific debt securities being offered.

Prospective purchasers of debt securities should be aware that special U.S. Federal income tax, accounting and other considerations may be applicable to instruments such as the debt securities. The prospectus supplement relating to an issue of debt securities will describe these considerations, if they apply.

The provisions of the indenture permit us, without the consent of the holders of any debt securities, to issue additional debt securities with terms different from those of debt securities previously issued and to reopen a previous series of debt securities and issue additional debt securities of that series.

The indenture does not contain any provisions which would provide protection to holders of debt securities against a sudden and dramatic decline in credit quality resulting from a takeover, a recapitalization or other highly leveraged transaction involving Colgate.

We will pay or deliver principal and any premium, additional amounts and interest in the manner, at the places and subject to the restrictions set forth in the indenture, the debt securities and the applicable prospectus supplement. However, at our option, we may pay any interest by check mailed to the holders of registered debt securities at their registered addresses.

Holders may present debt securities for exchange, and registered debt securities for transfer or exchange, in the manner, at the places and subject to the restrictions set forth in the indenture, the debt securities and the prospectus supplement. Holders may transfer debt securities in bearer form for registered debt securities by delivering the bearer debt securities and related coupons, if any, to the office or agency of the registrar for that series of debt securities. If any series of debt securities is issued in global form, the prospectus supplement will describe the circumstances, if any, under which beneficial owners of interests in any global debt security may exchange those interests for definitive debt securities of that same series and of like tenor and principal amount, in any authorized form and denomination. There will be no service charge for any transfer or exchange of debt securities, but we may require payment of a sum sufficient to cover any tax or other governmental charge payable in connection with a transfer or exchange other than certain exchanges not involving any transfer.

Merger and Consolidation

We may consolidate or merge with or into any other corporation, and we may sell, lease or convey all or substantially all of our assets to any corporation, *provided* that:

- the resulting corporation, if other than Colgate, is a corporation organized and existing under the laws of the United States of America or any U.S. state or the District of Columbia and assumes all of our obligations to:
 1. pay or deliver the principal of or any premium, interest or additional amounts on the debt securities; and
 2. perform and observe all of our other obligations under the indenture, and
- we or any successor corporation, as the case may be, are not, immediately after any such consolidation, merger or sale of assets, in default under the indenture.

Modification and Waiver

We and the trustee may, without the consent of holders, modify provisions of the indenture for specified purposes, including, among other things, curing ambiguities and correcting inconsistencies. We and the trustee may modify and amend other provisions of the indenture with the consent of holders of at least a majority in principal amount of each series of debt securities affected. However, the consent of each holder of any debt security affected must be obtained if the amendment or modification:

- changes the stated maturity of the principal of, or any premium or installment of interest or additional amounts on, any debt security;
- reduces the principal amount due and payable at maturity or upon acceleration of maturity of, or the rate of interest or additional amounts payable on, or any premium payable on redemption or otherwise on, any debt security;
- adversely affects any right of repayment at the option of the holders;
- changes the place of delivery of, or currency of, the payment of principal or any premium, interest or additional amounts on any debt security or impairs the right to institute suit for the enforcement of any such payment or delivery;
- reduces the percentage in principal amount or aggregate issue price of the outstanding debt securities of any series, the consent of whose holders is required to modify or amend the indenture; or
- modifies the foregoing requirements or reduces the percentage to less than a majority in principal amount of outstanding debt securities necessary to waive certain past defaults by Colgate under the indenture.

The holders of at least a majority in principal amount of the outstanding debt securities of any series may, with respect to that series, waive past defaults under the indenture and waive our compliance with certain provisions of the indenture, except as described under “—Events of Default.”

Events of Default

Except as otherwise provided in the applicable prospectus supplement, each of the following constitutes an event of default with respect to each series of debt securities issued under the indenture:

- default in the payment of any interest or additional amounts when due and continuing for 30 days;
- default in the payment of any principal or premium when due and payable at maturity;
- default in the payment of any sinking fund payment when due;
- default in the performance, or breach, of any other obligation of ours under the indenture, or under provisions of a series of debt securities that are applicable to all series of debt securities, and continuance of the default for 60 days after we are given written notice of the default as provided in the indenture;
- specified events of bankruptcy, insolvency or reorganization of Colgate; and
- any other event of default with respect to debt securities of that series.

If an event of default occurs and is continuing for any series of debt securities, the trustee or the holders of at least 25% in principal amount of the outstanding debt securities of that series may declare the principal of all the debt securities of that series, or any lesser amount provided for in the debt securities of that series, due and payable immediately. At any time after such a declaration of acceleration with respect to the debt securities of any series has been made, but before the trustee has obtained a judgment or decree for payment of the money due, the holders of a majority in principal amount of the outstanding debt securities of that series by written notice may rescind any declaration of acceleration and its consequences, provided that all payments and/or deliveries due, other than those due as a result of acceleration, have been made and all other events of default have been remedied or waived.

The holders of at least a majority in principal amount of the outstanding debt securities of any series may waive an event of default with respect to that series, except a default:

- in the payment of any amounts due and payable or deliverable under the debt securities of that series; or
- in respect of an obligation of ours contained in, or a provision of, the indenture which cannot be modified under the terms of the indenture without the consent of each holder of outstanding debt securities affected.

The holders of a majority in principal amount of the outstanding debt securities of a series may direct the time, method and place of conducting any proceeding for any remedy available to the trustee or exercising any trust or power conferred on the trustee with respect to debt securities of that series, provided that the direction is not in conflict with any rule of law, the indenture or the debt securities of that series. The trustee must, within 90 days after a default occurs notify the holders of the applicable series of debt securities of the default, unless the default is cured or waived. The trustee may withhold notice of default, except default in payment of principal, any premium, interest or sinking fund payment, if it determines that it is in the interest of the holders to do so. Before proceeding to exercise any right or power under the indenture at the direction of the holders, the trustee is entitled to receive from those holders reasonable security or indemnity against the costs, expenses and liabilities which might be incurred by it in complying with any such direction.

Unless otherwise stated in the prospectus supplement, any series of debt securities issued under the indenture will not have the benefit of any cross-default provisions with other indebtedness of our company.

We will be required to furnish to the trustee annually a statement as to our performance of all of our obligations and conditions under the indenture.

Limitations Upon Liens

The debt securities will not be secured by any mortgage, pledge or other lien. Unless a prospectus supplement with respect to a particular series of debt securities states otherwise, the covenants described below will apply to each series of debt securities.

We covenant in the indenture not to create or suffer to exist, or permit any of our Principal Domestic Subsidiaries (as defined below) to create or suffer to exist, any Lien (as defined below) on any Restricted Property (as defined below), whether owned on the date of the indenture or thereafter acquired, without making effective provision (and we covenant and agree in the indenture that we will make or cause to be made effective provision) whereby the debt securities shall be directly secured by such Lien equally and ratably with (or prior to) all other indebtedness secured by such Lien as long as such other indebtedness shall be so secured; provided, however, that there shall be excluded from the foregoing restrictions:

- Liens securing Debt (as defined below) not exceeding \$10,000,000 which are existing on the date of the indenture on Restricted Property; and, if any property owned or leased as of the date of the indenture by us or one of our Principal Domestic Subsidiaries at any time thereafter becomes a Principal Domestic Manufacturing Property, any Liens existing on the date of the indenture on such property securing the Debt secured or evidenced thereby on the date of the indenture;
- Liens on Restricted Property of a Principal Domestic Subsidiary (as defined below) as a security for Debt of such Subsidiary to us or to another Principal Domestic Subsidiary;
- in the case of any corporation which becomes a Principal Domestic Subsidiary after the date of the indenture, Liens on Restricted Property of such Principal Domestic Subsidiary which are in existence at the time it becomes a Principal Domestic Subsidiary and which were not incurred in contemplation of it becoming a Principal Domestic Subsidiary;
- any Lien existing prior to the time of acquisition of any Principal Domestic Manufacturing Property acquired by us or one of our Principal Domestic Subsidiaries after the date of the indenture through purchase, merger, consolidation or otherwise;
- any Lien on any Principal Domestic Manufacturing Property (other than a Major Domestic Manufacturing Property (as defined below)) acquired or constructed by our company or a Principal Domestic Subsidiary after the date of the indenture which is placed on such Property at the time of or within 180 days after the acquisition thereof or prior to, at the time of or within 180 days after completion of construction thereof to secure all or a portion of the price of such acquisition or construction or funds borrowed to pay all or a portion of the price of such acquisition or construction;
- extensions, renewals or replacements of any Lien referred to in the first, third, fourth or fifth bullet points above to the extent that the principal amount of the Debt secured or evidenced thereby is not increased, provided that the Lien is not extended to any other Restricted Property;
- Liens imposed by law, such as carriers', warehousemen's, mechanics', materialmen's, vendors' and landlords' liens, and liens arising out of judgments or awards against us or any of our Principal Domestic Subsidiaries with respect to which we or such Subsidiary at the time shall currently be prosecuting an appeal or proceedings for review and with respect to which it shall have secured a stay of execution pending such appeal or proceedings for review;
- Liens securing the payment of taxes, assessments and governmental charges or levies, either (1) not delinquent or (2) being contested in good faith by appropriate legal or administrative proceedings and as to which we or a Principal Domestic Subsidiary, as the case may be, to the extent required by generally accepted accounting principles applied on a consistent basis, shall have set aside on its books adequate reserves;
- minor survey exceptions, minor encumbrances, easements or reservations of, or rights of others for, rights of way, sewers, electric lines, telegraph and telephone lines and other similar purposes and zoning or other restrictions as to the use of any Principal Domestic Manufacturing Property, which exceptions, encumbrances, easements, reservations, rights and restrictions do not, in our opinion, in the aggregate materially detract from the value of such Principal Domestic Manufacturing Property or materially impair its use in the operation of our business and that of our Principal Domestic Subsidiaries; and
- any Lien on Restricted Property not referred to above if, at the time such Lien is created, incurred, assumed or suffered to be created, incurred or assumed, and after giving effect thereto and to the Debt secured or evidenced thereby, the aggregate amount of all our outstanding Debt together with that of our Principal Domestic Subsidiaries secured or evidenced by Liens on Restricted Property which are not referred to above and which do not equally and ratably secure the debt securities, shall not exceed 15% of Consolidated Net Tangible Assets.

"Consolidated Net Tangible Assets" means the aggregate amount of assets (less applicable reserves and other properly deductible items) after deducting therefrom (1) all current liabilities and (2) all goodwill, trade names, trademarks, patents, unamortized debt discount and expense and other like intangibles of ours and our consolidated subsidiaries, all as set forth on the most recent balance sheet of ours and our consolidated subsidiaries prepared in accordance with generally accepted accounting principles as practiced in the United States.

"Debt" means (1) indebtedness for borrowed money, (2) obligations evidenced by bonds, debentures, notes or other similar instruments, (3) obligations to pay the deferred purchase price of property or services (other than accounts payable in the ordinary course of business), (4) obligations as a lessee under leases which shall have been or should be, in accordance with generally accepted accounting principles, recorded as capital leases, and (5) obligations under direct or indirect guaranties in respect of, and obligations (contingent or otherwise) to purchase or otherwise acquire, or otherwise to assure a creditor against loss in respect of, indebtedness or obligations of others of the kinds referred to in clauses (1) through (4) above.

"Domestic Subsidiary" means any Subsidiary a majority of the business of which is conducted within the United States of America, or a majority of the properties and assets of which are located within the United States of America, except any Subsidiary whose assets consist substantially of the securities of Subsidiaries which are not Domestic Subsidiaries.

"Instruments" of any corporation means and includes (1) all capital stock of all classes of and all other equity interests in such corporation and all rights, options or warrants to acquire the same, and (2) all promissory notes, debentures, bonds and other evidences of Debt of such corporation.

"Lien" means any mortgage, lien, pledge, security interest, encumbrance or charge of any kind, any conditional sale or other title retention agreement or any lease in the nature thereof, provided that the term "Lien" shall not include any lease involved in a sale and lease-back transaction.

“Major Domestic Manufacturing Property” means any Principal Domestic Manufacturing Property the net depreciated book value of which on the date as of which the determination is made exceeds 3% of the Consolidated Net Tangible Assets.

“Principal Domestic Manufacturing Property” means any building, structure or facility (including the land on which it is located and the improvements and fixtures constituting a part thereof) used primarily for manufacturing or processing which is owned or leased by us or any of our Subsidiaries, is located in the United States of America and the net depreciated book value of which on the date as of which the determination is made exceeds 1% of Consolidated Net Tangible Assets, except any such building, structure or facility which our Board of Directors by resolution declares is not of material importance to the total business conducted by us and our Subsidiaries as an entirety.

“Principal Domestic Subsidiary” means (1) each Subsidiary which owns or leases a Principal Domestic Manufacturing Property, (2) each Domestic Subsidiary the consolidated net worth of which exceeds 3% of Consolidated Net Tangible Assets (as set forth in the most recent financial statements delivered pursuant to the indenture) and (3) each Domestic Subsidiary of each Subsidiary referred to in the foregoing clause (1) or (2) except any such Subsidiary the accounts receivable and inventories of which have an aggregate net book value of less than \$5,000,000.

“Restricted Property” means and includes (1) all Principal Domestic Manufacturing Properties, (2) all Instruments of all Principal Domestic Subsidiaries and (3) all inventories and accounts receivable of ours and our Principal Domestic Subsidiaries.

“Subsidiary” means any Corporation of which at the time of determination we or one or more of our Subsidiaries owns or controls directly or indirectly more than 50% of the shares of Voting Stock.

“Voting Stock” means stock of a Corporation of the class or classes having general voting power under ordinary circumstances to elect at least a majority of the board of directors, managers or trustees of such Corporation, provided that, for this purpose, stock which carries only the right to vote conditionally on the happening of an event shall not be considered voting stock whether or not such event shall have happened.

Other capitalized terms used but not defined in this prospectus shall have the meaning given those terms in the indenture.

Legal Defeasance and Covenant Defeasance

We at any time may terminate as to a series of debt securities all of our obligations (except for certain obligations regarding the defeasance trust and obligations to register the transfer or exchange of a debt security, to replace destroyed, lost or stolen debt securities and any related coupons and to maintain agencies with respect to the debt securities) arising under the indenture and the debt securities and coupons of that series. This option of ours is called a “legal defeasance.” We at any time may terminate as to a series of debt securities, among other obligations, our obligations arising under the covenant described under “Limitations Upon Liens” above. This option of ours is called a “covenant defeasance.”

We may exercise our legal defeasance option with respect to a series of debt securities even if we have previously exercised our covenant defeasance option in regard to that series of debt securities. If we exercise our legal defeasance option with respect to a series of debt securities, that series may not be accelerated because of an Event of Default. If we exercise our covenant defeasance option with respect to a series of debt securities, that series may not be accelerated on the basis of breaches of the defeased covenant.

To exercise either option as to a series of debt securities, we must deposit in trust with the trustee cash or United States government obligations sufficient to pay the principal of, premium, if any, and interest on the debt securities of that series at their maturity or redemption and must comply with other specified conditions. In particular, we must obtain an opinion of tax counsel that the defeasance will not result in recognition for United States Federal income tax purposes of any gain or loss to holders of the series of debt securities. The opinion of tax counsel, in the case of legal defeasance, must refer to and be based upon a ruling of the Internal Revenue Service or a change in applicable United States Federal income tax law occurring after the date of the indenture.

Concerning the Trustee

The Bank of New York Mellon serves as trustee under the indenture and is the security registrar and paying agent with respect to the debt securities. The indenture provides that, except during the continuance of an Event of Default, the trustee will perform only such duties as are specifically set forth in the indenture. During the existence of an Event of Default, the trustee will exercise such rights and powers vested in it under the indenture and use the same degree of care and skill in its exercise as a prudent person would exercise under the circumstances in the conduct of such person’s own affairs.

The indenture contains certain limitations on the right of the trustee, should it become a creditor of ours, to obtain payment of claims in certain cases, or to realize on certain property received in respect of any such claim as security or otherwise. The trustee is permitted to engage in other transactions with us; provided, however, that if the trustee acquires any conflicting interest it must eliminate such conflict or resign.

The trustee’s principal corporate trust office is located at 240 Greenwich Street, New York, New York 10286. We have banking relationships with The Bank of New York Mellon and certain of its affiliates.

Governing Law

The indenture and the debt securities will be governed by, and construed in accordance with, the laws of the State of New York.

PLAN OF DISTRIBUTION

We may sell debt securities:

- to the public through underwriters acting individually or through a group of underwriters which may be managed or co-managed by one or more underwriters designated by us,
- through agents or dealers,
- directly to one or more other purchasers, or
- by any combination of these methods of sale.

The prospectus supplement with respect to the particular series of debt securities being offered will describe the terms of the offering of that series, including the name or names of any agents or underwriters, the public offering or purchase price, the proceeds to us from the offering, any discounts and commissions to be allowed or paid to the agents or underwriters, all other items constituting underwriting compensation, any discounts and commissions to be allowed or paid to dealers, any initial public offering price and any exchanges on which the debt securities may be listed. Underwriters, dealers and agents that participate in the distribution of the debt securities may be deemed to be underwriters, and any discounts or commissions received by them from us and any profit on the resale of the debt securities by them may be deemed to be underwriting discounts and commissions, under the Securities Act.

Under certain circumstances, we may repurchase debt securities and reoffer them to the public as set forth above. We may also arrange for repurchases and resales of the debt securities by dealers.

No particular offering of debt securities will have an established trading market when issued. Unless specified in the applicable prospectus supplement, we will not list the debt securities on any securities exchange. The underwriters may from time to time purchase and sell debt securities in the secondary market, but they are not obligated to do so, and there can be no assurance that there will be a secondary market for the notes or liquidity in the secondary market if one develops. In addition, the underwriters may discontinue any market-making activity at any time.

To facilitate a debt securities offering, any underwriter may engage in over-allotment, stabilizing transactions, short covering transactions and penalty bids in accordance with Regulation M under the Securities Exchange Act of 1934, as amended.

- Over-allotment involves sales in excess of the offering size, which creates a short position.
- Stabilizing transactions permit bids to purchase the underlying security so long as the stabilizing bids do not exceed a specified maximum.
- Short covering transactions involve purchases of the securities in the open market after the distribution is completed to cover short positions.
- Penalty bids permit the underwriters to reclaim a selling concession from a dealer when the securities originally sold by the dealer are purchased in a covering transaction to cover short positions.

Those activities may cause the price of the securities to be higher than it would otherwise be. If commenced, the underwriters may discontinue those activities at any time.

If so indicated in the prospectus supplement, we will authorize underwriters to solicit offers by certain institutions to purchase debt securities from us pursuant to delayed delivery contracts providing for payment and delivery on the date stated in the prospectus supplement. Each contract will be for an amount not less than, and, unless we otherwise agree, the aggregate principal amount of debt securities sold pursuant to the contracts shall not be more than, the respective amounts stated in the prospectus supplement. Institutions with whom the contracts, when authorized, may be made include commercial and savings banks, insurance companies, pension funds, investment companies, educational and charitable institutions, and other institutions, but shall in all cases be subject to our approval. Delayed delivery contracts will not be subject to any conditions except that the purchase by an institution of the debt securities covered under any such contract shall not at the time of delivery be prohibited under the laws of any jurisdiction in the United States to which that institution is subject.

We have agreed to indemnify the agents and the underwriters against certain civil liabilities, including liabilities under the Securities Act, or to contribute to payments the agents or the underwriters may be required to make in connection with those liabilities. Agents, underwriters and dealers may be customers of ours, engage in transactions with us, or perform services for us in the ordinary course of business.
